

Kelly-Gettings.

(Contributed)

Mr. Sidney Juniors Kelly and Miss Ruth Gettings drove over to Rockingham Wednesday afternoon, April 3rd, and were quietly married at the Methodist parsonage, at 5 o'clock, Rev. Mr. Smith officiating in the presence of a few relatives and friends.

After the ceremony they returned to Hamlet and immediately went to the pretty country home of the groom's father, one mile from town, where a reception was tendered them from 7 until 11 p. m. The bride was pretty in her wedding dress of white crepe-de-chine.

The reception room and dining room was prettily decorated with white flowers. Music was rendered on the piano by Mrs. C. B. Kelly and Miss Dora Kendal. During the evening an ice course was served. About 50 invited guests were present.

Mr. Kelly is the third son of Mr. and Mrs. Hamilton Kelly and holds a lucrative position with the S. L. L. Co., having been in their employ for the past four years. Miss Gettings is the daughter of Mrs. W. C. Bartley, and is a bright and accomplished young lady. They will be at home for a while with the groom's parents. The many friends of the contracting couple wish for them much happiness.

Comfort Bags.

Only a few words of explanation in regard to "Comfort Bags" for our Richmond County boys.

Our Red Cross Chapter here in Rockingham furnished each boy of the FIRST DRAFT, who went from Richmond County, a COMFORT BAG.

However, our funds for this purpose have been exhausted, and we have made several appeals through our town paper for funds from other towns in the county, that each boy leaving for the training camps might be given a comfort bag, and in these appeals have stated that unless we could secure funds these little "PARTING GIFTS" would have to be discontinued. These appeals have met with no response, so on Sunday evening, March 31st the first fourteen of our boys of the SECOND DRAFT left for Camp Jackson, and of course they were the first of the drafted boys to go without a COMFORT BAG given by the women of Rockingham.

We felt like we couldn't see them go without these little conveniences, yet we had no funds with which to supply them.

We will not be in position to furnish COMFORT BAGS to any more of our boys, but are GLAD to say that the GOVERNMENT furnishes each boy entering the training camps, a "HOUSEWIFE" which is similar to our COMFORT BAGS, though not as complete, yet it contains the most necessary articles.

We thought best to explain our position in this matter, that the boys going away might know that we are just as much INTERESTED in THEM as we were in those of the FIRST DRAFT.

THE PHONOGRAPH which really sings

There are many kinds of talking machines and sound reproducing machines, but there is only one instrument that *really sings*; the rest of them give an imitation of singing, just as you or I might give an imitation of a dog barking.

The NEW EDISON "The Phonograph with a Soul"

actually sings. It has stood beside Marie Roppold, Anna Case, Margaret Matzenauer, Giovanni Zenatello, Guido Ciccolini, Jacques Urlus, Arthur Middleton, Thomas Chalmers, and a score of other great artists, and has sung duets with them and then sung in comparison with them. The music critics of five hundred of America's principle newspapers concede in the columns of their own papers that it is only by watching the lips of the flesh-and-blood artists that they can tell whether it is the artist singing or the New Edison singing.

Make Us Prove Our Statements

We almost hope that you will disbelieve what we say. If you question our word, please do us the justice to come into our store and give us a chance to prove that the New Edison does all we claim for it.

You will not be asked to buy. We are satisfied if we can convert you as fully as the music critics of America's principal newspapers have been converted.

NOTICE—Please do not ask us to sell you Edison Re-Creations if you intend to attempt to play them on any other instrument than the New Edison. No other instrument can bring out the true musical quality of Edison Re-Creations. Furthermore, injury to the records is likely to result if you attempt to play them on an ordinary phonograph or talking machine.
